DETAILED ACTION

Allowable Subject Matter

1. Claims 43-56 (to be renumbered 1-14) are allowable over the prior art of record.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or render obvious a manufacturing method of a magnetic random access memory having all exclusive limitations as recited in claims 43 and 50, comprising forming a magnetoresistive effect memory cell, forming and patterning a conductive material and a first yoke material, forming a write line, forming a barrier layer, and forming a second yoke material, characterized in that forming the second yoke material and the barrier layer comprises forming the second yoke material with which the write line is coated on the first barrier layer, etching the first barrier layer and the second yoke material, and leaving the first barrier layer and the second yoke material on the side surface of the write line.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
